The Thieman Farm is on U. S. 40, fifty miles east of Kansas City; five miles west of Concordia, Missouri, just four miles east of intersection of Missouri Route 13 and U. S. 40.

COUNT CORONET x, the most famous sire and winner of grand championships in the history of the Thieman herd. This grand champion son of Village Count Junior x was instrumental in helping to establish world renown, fame and prestige for Thieman Polled Shorthorns. It is impossible to estimate his great value to the Polled Shorthorn breed.

VANITY QUEEN x, the sweetheart of the herd. This grand cow, winner of three International grand championships and countless other honors, was returned to the Thieman breeding herd where she did much to contribute to the steady improvement of quality in this herd. Her winning type in 1932-33-34 still holds good today.

FORTY-SIX years ago, my father, William Thieman bought several of the best Polled Shorthorn cattle available in America. As a boy passing from his teens to his twenties, I studied and liked those cattle. A few years later I borrowed some money and purchased the farm we now call home. I visualized this productive looking piece of land with very little in the way of improvements to offer, becoming a well improved farm with even greater productiveness and I felt that Polled Shorthorn cattle not only could but would play a great part in changing this dream to reality.

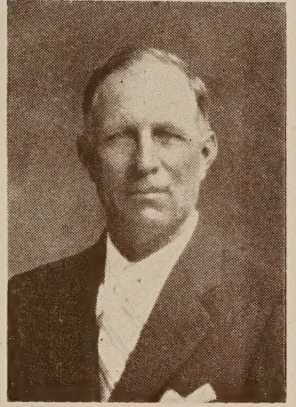

With this in mind several cows from my father's herd were brought over to my farm. I purchased my first straight Scotch bred cow. Today you will find the Lustre family still in our herd. No others remain from that early starting of the herd. As time went on my plan was to use the best bull I could locate, wherever he might be or whatever he might cost. Also, as conditions permitted, outstanding females were added to the herd. To get what I wanted I have paid high prices for Polled Shorthorn females. This proved worth while. Cattle have been purchased from fifteen different states and Canada.

As each auction approaches I am happy, yet sad. I'm happy because that above mentioned dream is real. The place has been improved, the herd now numbers over 200 head and we have added 280 acres of most productive land that is well watered, well fenced and has a good set of buildings. After this sale is over we shall still have lots of good cattle left with more calves coming all the time. Our breeding program not only shall, but will go on. I'm happy because I have been able to educate my boys. I'm happy because in spite of my poor health and age, my dream is still alive and growing. Homer is now working on the staff of the Corn Belt Dailies as managing editor of the Kansas City Daily Drovers Telegram. He is still vitally interested in Polled Shorthorns. He took the first shipment of his breed to Australia, and has had experience on the road with the show herd.

Harold, for quite some time now, has taken over the active management of the entire herd and farms. Since he started showing with Vanity Queen in 1932 the herd has made a most enviable show record along with steady improvement of the breeding herd. My son and I stress this herd improvement more so than our show records and it must be so! Most of our cattle go each year to old and evidently satisfied customers. They show well, and produce well. Bulls bred here head great herds. Females bred here are most valuable assets to many a breeders pastures. They have definitely proven to their new owners to be a source of pride and income. This established fact is invaluable to us because it serves as a definite incentive to produce more good cattle of higher average quality and each succeeding year we must produce more nearly perfect individuals.

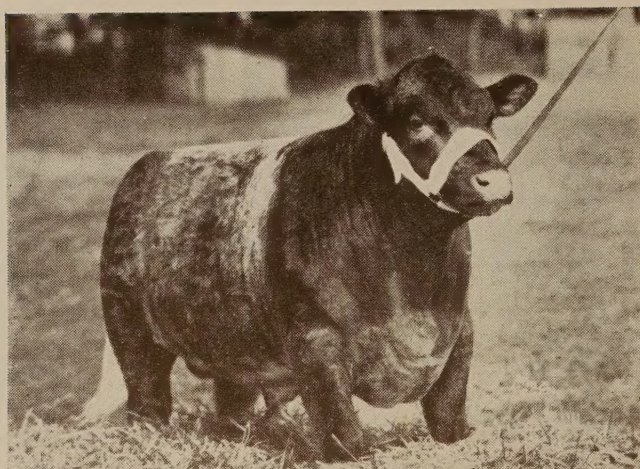

I have mentioned that I am happy, yet sad. Yes, I'm sad because a number of the greatest friends I've ever had are leaving home soon. They have played more than their part in making a fanciful dream come true. They have been ceaseless and untiring workers. They have kept things going through the bad years as well as the good years. In spite of adverse times and depression years they have always turned over a goodly profit because there is always a demand for the best. Perhaps most important of all, they have brought me contacts and established friendships that are invaluable.

My greatest consolation in each auction is that wherever they go, they will be your friends as they have been mine—

Lewis W. Thieman

"The Thieman Type"

THE MEANING OF A STAR

Each pedigree in this catalog has been scored according to the number of animals appearing in the first three generations that have been International champions or the sire or dam of an International champion. Each star represents an animal that has been an International champion or that has produced an International champion. Only those nearest 14 sires and dams have been used in establishing prospective scores, or, in other words, only the first three generations.

You will find a varied number of stars appearing above each pedigree. Study carefully the records of all animals that sell and you will realize how much championship blood has been used in producing this outstanding sale offering of Polled Shorthorns. It is up to you to see that your herd benefits from the addition of the most popular, prepotent and proven bloodlines available to Polled Shorthorn breeders in America today. Put some of these star-studded pedigrees to work in your herd and notice the rapid improvement in type and quality that your herd will make.

—Mervin F. Aegerter, Sale Manager.

We wish to take this opportunity to thank our herdsman, Bill Bertz, for his untiring efforts in not only taking care of this sale consignment but the entire breeding and show herd as well.

We also owe a real debt of gratitude to Ross Evins for taking care of our crops, our pastures, and helping to care for the cattle.

KING OF THE VANITIES x2123419—This solid red bull is out of the International Grand Champion cow Vanity Queen 5th x and sired by the International Champion, Cherry Coronet. Thirteen of his fourteen nearest sires and dams have sired or produced International champions. The entire Carver Brown herd was purchased in order that the bull could be returned to service in the Thieman herd. His calves are the greatest that have ever been born on the Thieman farm. His colors are uniform and dark. His calves have grand heads, the right type and quality to spare.

His first calf topped our 1945 sale. His sons and daughters are winning in the great shows of America today. Nine sons and 15 daughters sell in this auction.

Herd Bull: King of the Vanities 5th x2351297. We think this a most promising young herd bull prospect for us. We like his pedigree, his color, his exceptionally good head, balance and smoothness throughout. He has not been highly fitted but even so he has won the summer yearling bull class at the 1946 Illinois, Iowa and Nebraska state fairs. He is a member of our undefeated pair of yearlings and the champion pair any age at the Iowa State Fair. Several heifers will carry his service sale day.

Herd Bull: King of Hearts 2d x2289838. The first calves by King of Hearts 2d are now arriving and we are mighty well pleased with them. They are all dark colored and all are polled. The dam of this bull, bred by Geo. E. Smith is a granddaughter of two history making Polled Shorthorn Bulls. Oakwood Royal King was an International grand champion and sire of many champions. Collynie Sensation is the sire of the great bull Oakwood Commander, another International grand champion. Oakwood Loyal King also made a most enviable show record. The sire of King of Hearts 2d is from the same dam that produced Queen of Hearts and sired by Cherry Coronet, the sire of Coronet Command. We have every reason to expect a great crop of calves from this good young bull.

She placed second at Illinois, first at Missouri, first at Iowa and grand champion at Nebraska. She sells well along in calf to King of the Vanities.

Not One but Many Outstanding Individuals Offer Further Proof of Rare Performance

Cherry Coronet—Another International champion that has sired an International champion. He is a son of the celebrated Count Coronet and has established a wonderful reputation as an improver of the Polled Shorthorn breed.

Queen of Hearts 5th—One of two females that topped the 1940 Thieman sale, selling to J. C. Banbury & Son, Plevna, Kansas.

Group Uniformity Can Only Be Attained by a Definite Breeding Program

Nonpareil Coronet—Another son of the grand champion Count Coronet and a champion in his own right. Two of his daughters have been International grand champions. His get went through the entire 1940 show circuit undefeated.

The 1940 undefeated get of Nonpareil Coronet. This group includes three 1940 International class winning females all of which have already produced outstanding calves.

Queen of Hearts 6th x by King of Hearts x and top selling female in 1944 Thieman auction. Purchased by McManus Farms, Keokuk, Iowa who also purchased Queen of Hearts 5th x, top heifer of the 1943 Thieman sale, and dam of McManus Farms' present junior herd sire.

(Right) The most perfect pair of Polled Shorthorn females ever produced anywhere. Queen of Hearts and Vanity Queen 5th both have been International grand champions on successive years 1939 and 1940. They offer conclusive evidence of the superiority of Thieman Polled Shorthorns.

Make the following choice consignment
to this sale.

1 Bull

14 Females

Alpine Farms, Lexington, Missouri, bred and sold the grand champion bulls of the 1943 and 1944 National Polled Congress shows and sales. They also bred and sold Alpine Sensation x2237031, reserve grand champion bull of the 1944 National Congress show and sale. This bull was purchased by C. B. Teegardin & Sons, Ashville, Ohio. All three of these champion bulls were sired by Collynie Impression x, also sire of six of the 15 beautiful heifers they have consigned to this sale. Their cattle have done well in other breeders' hands and always prove valuable investments to their new owners.
